BUY USING SHARED OWNERSHIP

Buying a home the affordable way

Some of our homes are available to buy using the government's new shared ownership scheme, launched in April 2021.

Put simply, you buy a share in your home and pay a rent on the part you don't own. Under the new scheme, you can buy anything from a 10 per cent share up to 75 per cent.

It's a much more affordable way to buy because it means you'll have a smaller mortgage and you won't have to find a big deposit.

The government's new model for shared ownership introduces a new form of staircasing that enables you to buy shares from as little as 1 per cent for the first 15 years. You can continue to buy further shares until you own your home outright. Or you can stay as you are.

And when it comes to maintaining your home, you'll have less to worry about. As part of the new scheme, we'll support you with some of the cost of qualifying repairs for the first 10 years.

If you decide to move on, you can sell your share of the property based on its value at the time of selling.

Check if you're eligible

Shared ownership is for anyone who'd like to own a home but can't afford to buy one outright. You may qualify if:

- Your household income is less than £80,000 a year, or less than £90,000 a year in London
- You don't currently own a home or have a legal interest in a property
- You cannot afford all of the deposit and mortgage payments for a home that meets your needs
- You're forming a new household - for example, after a relationship breakdown
- You can secure a mortgage or have funds to buy the property
- You can afford to buy a share of the property — the monthly mortgage, rent and service charge payments should be less than 45% of your household income after tax.

Shared ownership is one of a number of schemes offered by the government as part of its Help to Buy initiative. To check whether you're eligible for Shared ownership, you can contact your local Help to Buy agent. Visit www.ownyourhome.gov.uk/scheme/shared-ownership to find your local agent.

If you're eligible, we'll support you through the buying process to help make your move hassle-free.

RENT TO BUY

Rent now, buy later

To help you save for a deposit, you could rent now and buy later. At Shropshire Gardens we have a number of homes available through Rent to Buy.

You'll start by renting your home at 20 per cent below the market rent for a minimum of five years. With less rent to pay, you'll be able to save for a deposit to buy your home

It means you can move into a brand new home now, and start to make it your own.

While you're renting, we'll carry out any necessary repairs to make sure your home is safe and comfortable to live in.

And when you're ready, you can put your deposit savings towards a mortgage and buy your home.

Check if you're eligible

If the following applies to you then you may be eligible for Rent to Buy:

- You're a first-time buyer or a previous homeowner looking to buy again but unable to afford to buy now
- You want to buy a home in the future but don't have the deposit to buy right now
- You're working
- You can afford the rent and have a good credit rating

Rent to Buy is a government-backed scheme, which guarantees you a reduced rent period for five years. After that, you might be able to buy your home or we could extend your tenancy agreement. To find out more about Rent to Buy, go to www.riverside.org.uk/find-a-home/buy-a-home/
