✘ SUMMERHILL GROVE/FLAT ✘
NEWCASTLE UPON TYNE
NE4 6EE

Date: 17th October 2023

Good morning

Following a recent drainage survey, Riverside have commissioned a company called Jet Aire to excavate & expose the collapsed pipe /void and expose pipework in the light well at the front of number 4. Once accessed a survey will be carried out upstream to determine if the line is live or redundant. Install a new section of pipework to correct fall level and removal of hard deposits in line with high pressure water jetting and specialist attachments.

This work will be conducted on Thursday of this week between 8:30am and 3pm.

You will still have access to the front doors during these works and no access will be needed to your homes or the communal areas.

Kind regards

Claire Deakin

Project Manager - Asset Strategy and Delivery

Yours sincerely,

Claire Deakin
