Council Support

You may be able to get help with essential costs from your local council. This is sometimes known as ‘the Household Support Fund’. This could help if you’re struggling to afford things like:

- **energy and water bills**
- **food**
- **essential items**

Your council may also offer food vouchers to families during the school holidays.

Who the Household Support Fund is for

Funding is aimed at anyone who’s vulnerable or cannot pay for essentials. You do not have to be getting benefits to get help from your local council.

If you get benefits, they will not be affected if you get a payment from a Household Support Fund scheme.

Find out about schemes in your area

Councils decide how to run their schemes. There may be differences in:

- **If you can apply**
- **if or how you need to apply**
- **who money is given to**

For example, some councils share out money through local charities and community groups and some limit household applications to one per year.

Check with your local council to find out what support is available.

<https://www.gov.uk/find-local-council>

Trussel Trust

Food banks in the Trussel Trust network welcome and support everyone who is referred to them.

Volunteers will give a minimum of three days’ emergency food.

How to get a food voucher

In order to get help from a food bank you will need to be referred with a voucher, which can be issued by a number of local community organisations (for instance schools, GPs and advice agencies). Your local food bank can advise which agencies can help.

You can search food banks local to you by visiting:

<https://www.trusselltrust.org/get-help/find-a-foodbank/>

If you live in England or Wales please call Help through Hardship for free to talk confidentially to a trained Citizens Advice adviser on: **0808 208 2138**

Monday to Friday, 9 am to 5 pm. Closed on public holidays.)

They can help address your crisis and provide support to maximise your income, help you navigate the benefits system, and identify any additional grants you could be entitled to. If needed, they’ll issue you with a voucher so you can get an emergency food parcel from your local food bank.

Local Council Support

Your local council may be able to help you get hold of items of furniture – as well as helping with other issues, such as debt advice, food and fuel poverty. They do this through what are known as their local welfare assistance schemes (LWASs), also known as local welfare provision (LWP) or crisis support.

Not all councils have these schemes, and some do not provide help with furniture and white goods. If they do help with furniture, most provide it for free, while others will only offer you a loan to get the items yourself. You can usually only apply a limited number of times within a given period.

Most local authorities with a scheme only help with the most essential items such as a cooker, fridge/freezer, and bed. Some will also provide a washing machine, sofa and wardrobe. Many schemes also provide other support beyond furniture, such as help with utility bills and food.

If your council doesn't have a scheme, they will be offering some sort of support through their allocation of the Household Support Fund so we have now included links to every local authority scheme. Authorities are using this funding in different ways, a few are using it for furniture and appliances so do have a look at the link. Local authorities also provide other support such as advice on any additional benefits that you may be entitled to so it is worth getting in touch with them.

If you are in immediate danger, call 999 and ask for the police.

If prompted, press 55 to Make Yourself Heard and this will transfer your call to the police. Pressing 55 only works on mobiles and does not allow police to track your location.

Call 999 from a landline

If the operator can only hear background noise and cannot decide whether an emergency service is needed, you will be connected to a police call handler. If you replace the handset, the landline may remain connected for 45 seconds in case you pick up again.

When 999 calls are made from landlines, information about your location should be automatically available to the call handlers to help provide a response.

If you are deaf or can't use a phone

You can register with the emergencySMS. Text REGISTER to 999. You will get a text which tells you what to do next. Do this when it is safe so you can text when you are in danger.
